Communication in today's world goes far beyond the traditional hard copy documents or in-person presentations. The last few years have seen a tremendous growth in other forms of digital communication to facilitate increases in distance learning, remote working, online collaboration, etc. Graduates in today's digital world need to understand and be able to effectively communicate using various digital media platforms. This interdisciplinary minor will provide students with knowledge, skills, and techniques for effectively designing and creating web and other media sites and preparing digital content.

A minor in Digital Media will support students in any major, academic discipline, or personal interest in which digital communication is utilized. To earn a minor, students must complete 18 hours in the discipline consisting of required and elective courses. The minor skills and knowledge gained through the digital media minor will strengthen the communication skills of students in any career path. Students must earn a grade of C- or better in all minor courses.
