The Department of Mathematics and Physics offers a major and a minor program of study in Mathematics as well as course work integral to the General Education Program and to programs in the physical sciences. Quantitative and analytical skills are essential for useful and effective lives. Through the study of mathematics, students acquire and enhance their problem-solving skills and learn to apply these to real world issues.

Students who are planning to major in mathematics should complete MAT 124 and CSC 104 in the freshman year. All students taking math courses are required to purchase the TI-84+ calculator.

Mathematics majors must earn a 2.3 or better cumulative GPA in courses needed to satisfy major requirements.

Mathematics minors must earn a C- or better in all mathematics courses needed to satisfy minor requirements.
